Dear friends:

From the suspension of the peace talks, to the vast re-intervention of U.S. air and naval forces, to the massive bombing of South Vietnam, to the bombing of Hanoi, Haiphong and the rest of North Vietnam, to the continuing attempt by the Nixon administration to, if not win a military victory, then to inflict an excruciating punishment upon the Indochinese -- where and how will it all end?

Once again it is clearly up to the people to demand the immediate and total withdrawal of the United States from Indochina, and to do so as quickly, as visibly and as forcefully as possible.

The People's Coalition for Peace and Justice decided on April 5 to call for an emergency response at the White House on April 15. We also urged local groups to act immediately, and to strengthen and expand the demonstrations which had already been planned for that weekend around tax resistance and the economic costs of the war. In Washington there were 1,500 people on the march and about 240 people sat down in Lafayette Park when stopped by a line of police. The enclosed sheet gives a sample of the coverage we received.

On the local level many cities have had and are planning to have demonstrations which range from picketing and leafleting to people chaining themselves to the federal building in Houston, to digging a 45-foot deep "bomb crater" in Ann Arbor.

PCPJ is throwing its support behind the demonstrations scheduled for April 22. We are also building for the Nationwide Emergency Moratorium on May 4 when every city should hold a demonstration at a federal building between noon and 1 P.M. On May 20, Armed Forces Day, we are calling for civilian support of demonstrations called by active duty GI's at bases around the country.

The American people decided a long time ago that the war in Indochina should be ended, yet the American government continues the bombing, continues the killing and continues support for the Thieu dictatorship. The demonstrations against American policy must continue, must grow, must expand. For that to happen you must help once again. We need your talents, your time and your financial help. Please give us as much as you can today.

Sincerely,

he was delivered a subpoena to appear in Tallahassee early Thursday morning.

"It looks like they are really out to get us," Oliver said, indicating that he and "22 or 23 other guys" are going to be indicted on charges of sedition and treason.

He said the government will have other charges, as well, such as transporting firearms across state lines without a permit, and possession of explosives, arms and dope. "We don't know who will be charged with what yet," he said, but indicated he felt the formal charges would probably be made Monday.

Oliver, who was planning to leave for Tallahassee on the noon flight Thursday, said he understood he was also being subpoenaed to appear before a Grand Jury in Portland, Oregon.

The government has plotted the shooting of a New Left leader during either the Democratic or Republican National Convention.

Such is the contention of the Vietnam Veterans Against the War, who claim this allegation was made by a FBI infiltrator who spilled all to them in a 15-hour confession of which is on tape.

The agent, who infiltrated VVAW in Fayetteville, Arkansas, according to Jim O'Donnell of the San Francisco VVAW office, confessed to VVAW members, when they suspected him, and said that the government planned not only the shooting, but also the arrest and subpoena of VVAW leaders, and the infiltration of provocateurs into demonstrating groups at Miami Beach to incite rioting and dissension among the groups.

So far, at least the subpoenaing part has come to pass.

Twenty-four VVAW leaders from all around the Southeast were suddenly subpoenaed last Friday to appear Monday before a Grand Jury in Tallahassee, Florida.

They have been grilled on matters such as bombs and dope. "It is clearly an effort to keep them away from the Miami convention," O'Donnell told BARB.

VVAW men have revealed nothing. "The only ones testifying are the infiltrators," Mike Oliver of San Francisco VVAW said.

The Justice Department offered complete immunity to four men, and other such conditions the men are forced to testify or be jailed. They, however, have remained mum.

The Justice Department's explanation for the Grand Jury, according to reports in Thursday's Miami Herald and Atlanta Constitution, was that they suspected the vets were plotting to blow up all the causeways leading to Miami prior to the Republican convention, and to direct an amphibious assault on the convention.

A resolution was being planned to be presented before the Demo-

cratic convention as BARB went to press Thursday supporting the VVAW leaders who have been subpoenaed.

It has been reported that they have been allowed no freedom whatsoever, and that they are being escorted to the toilet by guards and generally hassled.

VVAW people rallying to their support have demonstrated in front of the Tallahassee federal building by doing calisthenics dressed in full fatigues.

The Grand Jury investigation was set up by Guy Goodwin, the special prosecutor from the Internal Security Division of the Justice Department, who set up the Grand Juries for the Panther 21 in New York, Ellsberg and Leslie Bacon in Seattle.

Another Grand Jury to question VVAW leaders is being set up by Goodwin for Portland, Oregon, it was reported.

Lawyers on behalf of VVAW have gone to the district court in New Orleans three times seeking to get the VVAW leaders free of his Grand Jury obligation, but have failed. The court refused even to let two of the men free whose homes had been ransacked by police who, they say, threatened to kill their wives, in Fayetteville, Arkansas when they were gone.

O'Donnell of the SF VVAW office told BARB that the 15-hour tape of the FBI agent's confession has already been played for the major news media in Gainesville, Florida.

The agent had advanced to the status of area VVAW coordinator for Arkansas and Oklahoma before he was suspected. VVAW people claim he offered to be a double-agent for them after spilling the confession.

He is now believed to be hiding out in the Bay Area, it was reported.

O'Donnell said that over 5,000 VVAW people are expected to show up in Miami for the National Republican Convention next month.

THE VVAV MET AT ITS MIAMI BEACH CAMP SITE TODAY.

A PROPOSAL TO EXCLUDE ALL BUT VIETNAM VETERANS FROM MEETINGS WAS DEFEATED. OBJECTION TO THIS PROPOSAL WAS THAT SOME CHAPTERS HAVE NON-VIETNAM SYMPATHIZERS AS FULL MEMBERS. A NUMBER OF THESE ARE AT THE VVAV CAMP SITE AND IT WAS CONSIDERED UNFAIR TO EXCLUDE THEM FROM MEETINGS.

THE VVAV WILL HOLD TWO MEETINGS DAILY BEGINNING JULY ELEVEN. THE FIRST WILL BE AT NINE AM, AT WHICH MEETING THE TIME AND PURPOSE OF THE AFTERNOON SESSION WILL BE ANNOUNCED.

ONE HUNDRED TWENTY FIVE VVAV MEMBERS WERE REGISTERED AT THE CAMP SITE AS OF ONE THIRTY PM JULY TEN. ADDITIONAL MEMBERS ARE EXPECTED.

VVAV WILL CONDUCT WORKSHOPS ON VETERANS ADMINISTRATION HOSPITALS, RACISM, VETERANS PROBLEMS.

SUBJECT :

VICE PRESIDENT SPIRO T. AGNEW -
VICTIM
PRESIDENTIAL ASSASSINATION
STATUTE

This is to advise that at 9:20 p. m., 6-7-72, Mr. William Tyson, Criminal Division, Department of Justice, telephonically contacted Night Supervisor [Redacted] concerning captioned individual who allegedly intended to participate in a demonstration against the Vice President at the Coast Guard Academy in Connecticut and who was arrested by Connecticut State Police armed with a simulated grenade. Mr. Tyson advised that his superiors had inquired as to the latest developments in this matter and were interested in determining the following on the part of the subject: Intent to participate; where participation was to take place; intent to use device (simulated grenade), where, when, and against whom; and where the arrest took place. *b7c*

Night Duty Agent [Redacted] New Haven Office, advised at 9:30 p. m., that Bureau Agents had just completed interviewing the subject who was in custody of Connecticut State Police, Brooklyn, Connecticut. Special Agent (SA) [Redacted] advised that subject refused to sign a waiver of rights or to furnish a signed statement; however, agreed to discuss circumstances surrounding his arrest by Connecticut State Police. Subject stated he had grenade simulator when arrested by Connecticut State Police. *b7c*

[Redacted] while describing the simulator as a practice grenade with a charge equal to contents of four shotgun shells strapped together. Subject stated the grenade he had was made of cardboard, contained no metal, and was not considered a lethal weapon; however, U. S. Army claims this device had 15-meter danger radius but in subject's opinion, that was questionable. Subject would not say where he intended to go or what he intended to do with the device but planned to use it as a harmless prank--he would not elaborate.

Subject stated television and radio newscasts had indicated he intended to assassinate the Vice President; however, he did not expect to see the Vice President on 6-7-72. Subject related he was going to court on Friday and might possibly at that time give reason for having device in detail.

SA [redacted] b7c advised that subject was arrested in Coventry, Connecticut, which is 38 or more miles from the location of the Coast Guard Academy.

At 9:30 p. m., Mr. Tyson was advised of the above and that members of the Vietnam Veterans Against the War (VVAW) demonstrated in an area across the street from the main entrance to the Coast Guard Academy; however, the Coast Guard Academy commencement exercises were conducted without incident and no arrests were made at the Coast Guard Academy graduation. Mr. Tyson related this was all the information he needed at the time; however, he would like some additional background on the VVAW (subject allegedly a member of this organization) and the ultimate disposition of the device as the Department may desire to know the exact damage such a device would do if exploded. He stated the Department in the past had a case involving a similar device in which a court had ruled it was not a lethal weapon; however, the Department was considering further litigation in this area. Mr. Tyson was advised that he would be contacted in regard to his request.

Bureau Indices contain no pertinent identifiable information on subject; however, FBI Identification Division records contain a civil print under the name of [redacted] (who may be identical with subject) who was fingerprinted on [redacted]

An editorial
A West Virginia student's loan shows the way *Lee*

Perhaps the most moving aspect of the Daily World's appeal is the depth of feeling for the paper's readers.

Today we received a letter published in our columns. It is from a young man in West Virginia. He asks to make a contribution but he sends us a loan of \$20 which he especially needs to cover expenses. We will accept it. Make good use of it. We will return it to you.

Jerry's loan is fine and the feeling behind it moving.

But obviously it's not enough to meet the yawning deficit. The Daily World must have that \$100,000 by July 4 to meet pressing printing, mailing, wire service and other expenses. You and you and you wouldn't want to go on vacation while the Daily World is sinking into debt without making your contribution or loan today.

You know the great tasks of the day in which the Daily World is the clearest voice — the struggle to end U.S. aggression in Vietnam, the battle against racism, the fight for labor's needs, the election struggle and a score of others.

Knowing that you must act — and today — Rush funds to the Daily World, 205 West 19 St., New York, N.Y. 10011. Today. Now.

IN THE UNITED STATES COURT OF APPEALS
FOR THE FIFTH CIRCUIT

VIETNAM VETERANS AGAINST THE WAR, :
SCOTT CAMIL, NANCY McCOWN, et al, :

Plaintiffs, :

vs. :

RICHARD KLIENDIENST, individually :
and as Attorney General of the :
United States; et al, :

Defendants. :

RESPONSE TO APPEAL FROM DENIAL OF
MOTION FOR TEMPORARY RESTRAINING ORDER

COMES NOW William H. Stafford, Jr., United States Attorney for the Northern District of Florida, on behalf of himself, Richard Kliendienst and L. Patrick Gray, Defendants, and in response to the appeal filed herein from the denial of a temporary restraining order and/or preliminary injunction, alleges:

On July 10, 1972, Plaintiffs in a purported class action filed a complaint in the United States District Court for the Northern District of Florida seeking to enjoin the enforcement of subpoenas for witnesses to appear before a federal grand jury sitting in the Northern District of Florida, a declaratory judgment that the issuance of the subpoenas was illegal and an unconstitutional

abridgement of First Amendment rights of the Plaintiffs, a permanent injunction from future issuance of subpoenas for Plaintiffs, and compensatory and exemplary damages. Plaintiffs also sought a temporary restraining order restraining the enforcement of the subpoenas for Plaintiffs.

On the same date, July 10, 1972, the Court heard arguments on the motion for a temporary restraining order, and after argument denied the motion for this temporary restraining order. This appeal was filed the same day.

Subpoenas for the Plaintiffs were served on July 7, 1972 and July 8, 1972. They appeared on July 10, 1972 in United States District Court for the Northern District of Florida represented by counsel who appear on this appeal and Mr. Kent Spriggs of Tallahassee, Florida. At that time, and on the same day they filed this civil action, some of these Plaintiffs also filed a motion for a stay of the grand jury appearances of the Plaintiffs pending retention of and consultation of counsel. After hearing arguments of counsel on the late afternoon of July 10, 1972, the Court denied the application for a stay. This motion is not before this court at this time.

The appellants seek to enjoin the lawful function of a federal grand jury called and sitting in the Northern District of Florida hearing matters involving violations of federal law. These eleven individual appellants were

subpoenaed to appear before that grand jury. Claiming that being so subpoenaed violated their First Amendment rights to attend demonstrations scheduled elsewhere during the week of July 10, 1972, the appellants seek the extraordinary remedy of a temporary restraining order; the effect of which would prevent the federal grand jury from exercising its lawful function.

That these appellants have a responsibility to appear and give testimony in response to subpoenas is well recognized.

In Kastigar v. U. S., in the U. S. Supreme Court, No. 70-117, decided May 22, 1972, the Court stated:

The power of government to compel persons to testify in court or before grand juries and other governmental agencies is firmly established in Anglo-American jurisprudence.

* * *

Mr. Justice White noted the importance of this essential power of government in his concurring opinion in Murphy v. Waterfront Comm'n, 378 U. S. 52, 93-94 (1964):

Among the necessary and most important of the powers of the States as well as the Federal Government to assure the effective functioning of government in an ordered society is the broad power to compel residents to testify in court or before grand juries or agencies. See Blair v. United States, 250 U. S. 273. Such testimony constitutes one of the Government's primary sources of information.

In Blair v. U. S., 250 U. S. 269, 273, the Court declared:

...it is clearly recognized that the giving of testimony and the attendance upon court or grand jury in order to testify are public duties which every person within the jurisdiction of the Government is bound to perform upon being properly summoned, and for performance of which he is entitled to no further compensation than that which the statutes provide. The personal sacrifice involved is a part of the necessary contribution of the individual to the welfare of the public.

A motion for a temporary restraining order is addressed to the sound discretion of the district court. It is an extraordinary remedy and a clear abuse of discretion must be shown to an appellate court in order to obtain a reversal of the trial court's denial.

Checker Motor Corp. v. Chrysler Corp., 405 F.2d. 319, 323 (2d Cir. 1968); Dino DeLaurentiis Cinematografica, S.p.A. v. D-150, Inc., 366 F. 2d. 373, 374-375 (2d Cir. 1966); Ideal Toy Corp. v. Fab-Lu Ltd., 360 F. 2d. 1021 (2d Cir. 1966); Citizens Committee for Hudson Valley v. Volpe, 297 F. Supp. 804 (SD N.Y., 1969); 7 Moore's Fed. Practice, Section 65.04 at 1625 (2d ed. 1966).

The courts have recognized that there are certain requirements all of which must be clearly ratified before this extraordinary remedy will be obtained. These requirements are:

(1) the probability of success of Plaintiffs on the merits,

(2) the clear establishment of irreparable injury to Plaintiffs, and

(3) the public interest will not be harmed by the granting of the temporary restraining order or preliminary injunction. Checker Motor v. Chrysler, supra; Citizens Committee for Hudson Valley v. Volpe, supra.

Appellants did not sustain the burden of clearly showing that they could satisfy all of these requirements. The probability of success on the merits was not established in any way, nor was there any demonstration of how the appellants would suffer irreparable harm.

On the other hand, a temporary restraining order enjoining the lawful function of the grand jury considering violations of federal laws in the Northern District of Florida would clearly be harmful to the public interest.

Allegations that the government acted in bad faith in the issuance of these subpoenas are not supported by competent evidence and should be disregarded. Appellants' conclusory statement that subpoenas were served in a "coordinated sweep: is incorrect and does not support their claims of bad faith.

The government assured the district court that the grand jury subpoenas were executed for the purpose of obtaining evidence in a proper inquiry and for no other purpose. This assurance is not controverted.

The appeal from the order denying the Motion for a Temporary Restraining Order should be denied.

Respectfully submitted,

Appearing Specially for
this Application.

I hereby certify by signing the
above application on this 7th day
of July 1972 that I have served a
copy of the above application on the
United States Attorney.

My name is Barbara Stocking. I am a PhD candidate and Teaching Fellow in Philosophy at Boston University.

I met Bill Lemmer in Washington, D.C., at the time of the peace demonstrations this spring (I think May 20-21, 1972). I was standing beside him and I met him simply by chance because he asked me to take care of his dog for a while, while he was busy at the demonstration on the Capitol grounds. Later we talked for a while, and I told him I was on my way from Baltimore to Orlando, Florida, after the demonstrations, and he offered me a ride, because he was going to Gainesville then. A few days later he called me in Baltimore (he was in New York) and said he would come through Baltimore and pick me up there and give me a ride to Florida.

We spent most of two days on the trip to Florida, and nearly the whole time he talked about himself, about his childhood, his time in the service, and his current activities. He said that I should not go to the Miami conventions because, he said, all of the VVAW leaders were going to be picked up and taken out of circulation, he and some other people were going to shoot leaders of the New Left, and start a riot, and there would be a lot of fighting and shooting, and everyone would be arrested. He also spoke of shooting the "Trots" and Progressive Labor movement people and pretending that VVAW had done it, and this would discredit the VVAW and split the peace movement. He said he had a source of unlimited funds to carry this out, and would go into hiding

afterwards and leave the country.

The reason he told me all this, he said, was that he was grateful to me for "taking care of him", feeding his dog for him, and helping him keep awake on the trip to Florida.

He talked about having a lot of trouble in the service, and was very angry that the ACLU was "investigating" him, because he was an informer, and that the FBI and CIA were hassling him, and that he had made deals with them. Whenever we stopped to eat along the way, as soon as we were at a table or counter, he began talking in a loud voice about shooting, bombing, and the like. I asked him to stop, but he still did it. When we got to Gainesville, and went to the house of Scott Camil, which was where he was going to stay, he again talked of shooting and bombing. The only response I heard to this, during the night and day I was there, was people telling him that shooting and bombing were not good things to do; I remember someone saying "I don't think I could kill anyone", and someone else said "there's been too much killing already", and other similar statements. It seemed to me he was acting ^{as} an agent provocateur.

I stayed in Orlando, Florida, visiting for two weeks and then went to New York City, where I volunteered to help the national office of the WVAW. I told them what Lomzer had said on the trip to Florida, and they told me Lomzer had confessed, in fifteen hours of taped information, to being an FBI informer. I was worried about

the shooting he had kept talking about, but we all were reluctant to think it could possibly be true, so we didn't do anything about it at that time, or until now. When the VVAW leaders got subpoenaed Friday, I became very concerned that the rest of what Lemmer had said might be true as well.

I have known Bill Leamer for a period of about one year. We have been closely associated for about the same period of time.

Recently, at the end of May 1972, I spent two days with Bill Leamer during the entire time our conversation was recorded with, of course, his full permission. Also present was Don Donner.

The conversation was the result of our discovering that Bill was working as an FBI informer. He admitted to being an FBI informer at that time.

Bill admitted to Don Donner and myself:

1. that he was paid by the FBI and had been for about nine months
2. he was also paid by the FBI lending it's assistance and influence in a criminal case in which he was a defendant or potential defendant. In addition he received expenses and on occasions bail bonds were posted by the FBI for him. On another occasion he was released on personal recognizance after the FBI intervened. This took place at Oklahoma City where Bill was busted at Tinker AFB, Oklahoma.
3. lately he has been receiving travelling expenses, plus payments for his car, apartment and telephone bills.

He works through FBI agents Dick O'Connell and Les Leadbetter of Fayetteville, Ark. They are the local resident agents there.

He admitted to us that he:

going to blow up or burn down a building known as "Old Main" which is at the University of Arkansas. He admitted going to the scene and helping him by telling him how to build a bomb and went with him to place it.

He denied advising the FBI of the teenager's actions, however the FBI were at the building waiting for the teenager and he was arrested and convicted.

On another occasion, Bill Leamer's release from jail at Oklahoma City, Oklahoma after the TinkerAFB arrest, was secured by the FBI by allowing him to sign a personal recognition bond after which he left the state of Oklahoma and came to Arkansas, then went to New York, Baltimore, South Carolina, Florida and Georgia.

He also told me that the FBI was preparing a list of people who would be likely to be leaders in organizing protest demonstrations, and that he had given them a list of names of "movement" people in Fayetteville, Arkansas. He said that his assumption due to his talks with the FBI was that such people would be detained in a preventative action before the Miami Conventions.

Jordan.

This conversation was the result of our discovery that
Bill Leamer was an FBI employee, informer and agent provocateur.
He admitted to Marti and myself:

1. that he was in the employ of the FBI and had been
for the past nine months;

2. he was originally paid by the FBI having exerted
its influence in criminal cases in which he was a defendant
or potential defendant. In addition, he received expenses

On another occasion he was released on personal recognizance

1. counselled, aided and abetted a teenager at the
University of Arkansas to blow up a building known as Old
Main. He admitted going to the scene and helping him place
the bomb. He said the night before that he told the student
how to make the bomb. He denied advising the FBI of this.
The student was arrested and convicted.

2. he advised us of his role at the Tinker AFB arrests. He told us that the FBI was able to secure his release on personal recognizance after he advised arresting officers that they should contact Dick O'Connell, his agent.

I believe that Bill set up several drug busts but he has denied this. He has said that he was not working for the FBI in that connection. He did say that the FBI posted his bond in one case. In one case his bond was twice as high as anyone else's. Once bail was set he was told to contact the local FBI in Fayetteville.

Bill is unclear about when he started working for the FBI.

Bill is separated from his wife. She is securing a divorce. According to Bill, he has been court-martialed for conspiracy to steal federal weapons. His wife says that she believes that he has been court-martialed but that she did not know the nature of the charges, but that he was busted in rank.

Bill also told me that the FBI was preparing a list of people who would be likely to be leaders in organizing protest demonstrations, and that he had given them a list of names of "movement" people in Fayetteville, Arkansas. AFFIDAVIT

MARTIN JORDAN, being duly sworn, deposes and says:

1. On Friday, July 7, 1972, I was served with a subpoena ad testificandum to appear before a federal grand jury sitting in the Northern District of Florida in Tallahassee, Florida on Monday, July 10 at 9:30 A.M.

2. On the morning of July 10, counsel for myself and approximately twenty (20) other persons (virtually all of whom belong to the Vietnam Veterans Against the War) filed a class action seeking permanent and preliminary relief and a temporary restraining order against enforcement of those subpoenas on the grounds that they were issued for the purpose and with the effect of precluding plaintiffs from assembling peaceably in Miami, Florida the week of July 10 and demonstrating against the war in Southeast Asia during the Democratic National Convention held there that same week. Vietnam Veterans Against the War, et al. v. Kleindienst, et al., Civ. No. 1483 (N.D. Fla.)

3. To show the Government's bad faith in timing the subpoenas to coincide precisely with the Democratic Convention, it was alleged that the Government was informed of the proposed demonstration in a meeting which had occurred approximately six weeks before; an FBI informer was present at that meeting and hence the Government knew about it the moment it occurred. Accordingly it was alleged it could have issued those subpoenas at a time which would not have conflicted with the Democratic Convention.

4. In support of that claim, I submitted an affidavit (annexed hereto as Exhibit "A") stating that Don Donner and I had taped a conversation between Don, myself, and one William Leamer which occurred over a two day period and lasted for approximately fourteen hours, during which conversation Leamer admitted he was an FBI informer.

5. When I was finally called before the grand jury on Wednesday, July 12, I was promptly served in the grand jury room with the instant subpoena duces tecum.

6. Upon information and belief, the government attorney who caused this subpoena duces tecum to be served learned of the existence of the tape only through the submission of my affidavit in WAW et al. v. Kleindienst et al. supra.

MARTIN JORDAN, being duly sworn according to law deposes and says:

I am a veteran of Vietnam having served in the United States Army for three years and spent two years in Vietnam.

I have known Bill Leamer for a period of about one year. We have been closely associated for about the same period of time.

Recently, at the end of May 1972, I spent two days with Bill Leamer during the entire time our conversation was recorded with, of course, his full permission. Also present was Don Donner.

The conversation was the result of our discovering that Bill was working as an FBI informer. He admitted to being an FBI informer at that time.

Bill admitted to Don Donner and myself:

1. that he was paid by the FBI and had been for about nine months

2. he was also paid by the FBI lending it's assistance and influence in a criminal case in which he was a defendant or potential defendant. In addition he received expenses and on occasions bail bonds were posted by the FBI for him. On another occasion he was released on personal recognizance after the FBI intervened. This took place at Oklahoma City where Bill was busted at Tinker AFB, Oklahoma.

3. lately he has been receiving travelling expenses, plus payments for his car, apartment and telephone bills.

He works through FBI agents Dick O'Connell and Les Leadbetter of Fayetteville, Ark. They are the local resident agents there.

He admitted to us that he:

1. counselled, aided and abetted a teenager who was

going to blow up or burn down a building known as "Old Main" which is at the University of Arkansas. He admitted going to the scene and helping him by telling him how to build a bomb and went with him to place it.

He denied advising the FBI of the teenager's actions, however the FBI were at the building waiting for the teenager and he was arrested and convicted.

On another occasion, Bill Leamer's release from jail at Oklahoma City, Oklahoma after the Tinker AFB arrest, was secured by the FBI by allowing him to sign a personal recognizance bond after which he left the state of Oklahoma and came to Arkansas, then went to New York, Baltimore, South Carolina, Florida and Georgia.

He also told me that the FBI was preparing a list of people who would be likely to be leaders in organizing protest demonstrations, and that he had given them a list of names of "movement" people in Fayetteville, Arkansas. He said that his assumption due to his talks with the FBI was that such people would be detained in a preventative action before the Miami Conventions.

Accordingly, it was alleged it could have issued the subpoenas long before it did and hence avoided a direct conflict with the Democratic Convention.

VIETNAM VETERANS AGAINST THE WAR (VVAW)

The VVAW is a veterans organization with a national clearing house located at 25 West 26th Street, New York City. Its first published objective is "to demand an immediate cessation of fighting and a withdrawal of all American troops from Indochina".

A source, who has furnished reliable information in the past, advised that a flyer is being distributed in the Miami, Florida area captioned "NIXON Attacks Vietnam Veterans". This flyer related to a Federal Grand Jury convened at Tallahassee, Florida, regarding activities of the VVAW. Attached to the flyer is a "Resolution" which VVAW would like the Democratic National Convention to adopt. Also was a copy of a telegram to the U.S. Attorney General critical of the subpoenas issued to the VVAW members.

The source reported that the press conference mentioned in the flyer as scheduled at 4:00 PM on Sunday, was apparently cancelled and to his knowledge has not been re-scheduled.

The following are copies of the items mentioned above:

ENCLOSURE

1572

NIXON ATTACKS VIETNAM VETERANS

In the last two years the Vietnam Veterans Against The War have been the pivotal group in awakening the American people to the horrors of the war in Southeast Asia. No other group has been able to expose, so well, the fraudulent nature of Richard Nixon's Vietnamization program. It is for this reason that their large support within Nixon's own constituency poses a substantial threat to Nixon's re-election. Because of this the Vietnam Veterans warrant the Democratic Party's strongest support.

Because of their unimpeachable credentials to speak out against this war, the Nixon-Mitchell forces have felt compelled to use the most desperate tactics in an effort to discredit the Vets.

Late Friday afternoon July 7th, between 20 and 40 Vietnam Veterans from around the country, many of whom have come to Miami to dramatize their opposition to this continuing war, were abruptly served by FBI agents with subpoenas to appear before a Federal Grand Jury in Tallahassee, Florida, on Monday morning, July 10th. The basis for the issuance of the subpoenas was an open Southeast regional planning meeting held by the Veterans in Florida more than a month ago to discuss plans for activities at both National Conventions.

Admitted FBI informers who have already surfaced make it clear that Mitchell and Kleindeinst have known about this meeting and the discussions there since the moment they occurred; yet no actions whatever were taken by the Justice Department until the eve of the Democratic National Convention. It is plain, therefore that this entire Grand Jury proceeding is nothing less than a blatant attempt by the Republican administration to harass, intimidate and discredit its most eloquent antagonists. It is nothing less than an effort to deny the men, who deserve it the most, their most elementary constitutional rights to peaceably assemble and express their grievances. By subpoenaing the Vets at this moment the Nixon administration sweeps them from the streets of Miami as effectively as would wholesale illegal arrests. The motives for such an attack are readily apparent. First, we believe that

Nixon forces, through the Grand Jury are concocting another one of their preposterous conspiracy charges painting the Veterans as violent extremists in hopes of negating what will undoubtedly be a powerful indictment of the administration's policy by these very Vets. Secondly, by tying them up in a protracted Grand Jury investigation with the threat of summary jailing for contempt Nixon hopes to physically remove his opposition from the streets of Miami when the Republicans gather here in August and if such jailing should provoke a confrontation by non-delegate forces gathered at the Democratic convention who support the Vets that will be another bonus for the President's re-election campaign.

This most recent outrage is but another attempt, through the abuse of the Grand Jury system to silence a peace movement, which despite the President's wishes will just not disappear.

As attorneys for the Veterans we call upon the Democratic Party to take immediate steps to bring this Grand Jury persecution to a halt. We are seeking a Federal Court order to quash the subpoenas served upon the Vets at least until after both national conventions are completed. This Party can support our legal efforts by announcing publicly its condemnation of this Grand Jury proceeding. A resolution to that effect, a copy of which is annexed hereto will be introduced on the floor of this convention; we call upon all delegates to support it. We ask that concerned delegates join with us in a press conference Sunday at 4:00 P.M. at the Alziers Hotel and to immediately send telegrams to Richard Kleindeinst, at the Justice Department in Washington, demanding that the Grand Jury proceeding be brought to a halt.

We cannot permit the men who fought and bled in this ugly war to be denied their rights to demonstrate to the American public their unyielding opposition to its continuance.

RESOLUTION

The issuing of subpoenas to at least 21 leaders of Vietnam Veterans Against the War, directing them to appear before a federal grand jury in Tallahassee and deliberately timed to coincide with this Democratic Convention, represents an attempt by the Nixon Administration to deny to the Veterans their most fundamental constitutional rights to express their dissent and opposition to the war in Southeast Asia.

The Democratic Party strongly condemns this blatantly political abuse of the grand jury to intimidate and discredit a group whose opposition to the war has been particularly moving and effective.

We formally call upon the Justice Department to withdraw immediately the subpoenas served upon the Veterans so that they may stage their protests at the national political conventions free of harassment.

TO: ATTORNEY GENERAL RICHARD KLEINDEINST*

FROM:

WE DEPLORE THE ISSUING OF SUBPOENAS TO MEMBERS OF VIETNAM VETERANS AGAINST THE WAR DIRECTING THEIR APPEARANCE BEFORE A FEDERAL GRAND JURY IN TALLAHASSEE ON MONDAY. THE DELIBERATE TIMING OF THIS ACTION MAKES CLEAR ITS BLATANTLY POLITICAL INTENT -- TO PREVENT THE ACTIVE AND EFFECTIVE PARTICIPATION OF THE VETERANS IN THE DEMOCRATIC PROCESS AND TO DISCREDIT THEIR ORGANIZATION AND ITS ELOQUENT OPPOSITION TO THE WAR. WE DEMAND THAT ALL SUBPOENAS BE IMMEDIATELY WITHDRAWN AND THE GRAND JURY DISMISSED.

SUBJECT: VIETNAM VETERANS AGAINST THE WAR (VVAW)
INTERNAL SECURITY - REVOLUTIONARY ACTIVITIES

PURPOSE:

To furnish up-to-date developments regarding situation involving indictment of six Vietnam Veterans Against the War (VVAW) members.

BACKGROUND:

Previous memoranda have contained details regarding Federal Grand Jury (FGJ) proceedings at Tallahassee, Florida, during which indictments were returned against Scott Camil, John Kniffen, William [REDACTED], and [REDACTED] for violation of Federal statutes.

As of Monday, 7/17/72, above six VVAW members indicted, with exception of Perdue and Patterson had been arrested. Perdue surrendered to U. S. Marshal, Miami, on 7/18/72 and appeared before U. S. Magistrate same date. Bond was set at \$25,000 surety; Perdue did not make bond and was returned to Dade County Jail, Miami.

During evening of 7/17/72, information was received from Jacksonville Office that Chief Judge Brown, 11th Circuit Court, New Orleans, has ordered a bench warrant of 7/12/72 at 2 p.m. in Tallahassee for four individuals on civil contempt on 7/13/72. Judge Brown indicated the court wanted to determine whether or not conditions of law regarding the contempt were being followed in Northern District of Florida, via [REDACTED].

WILLIAM MARSHALL FROM DETROIT WAS CHAIRMAN. HE RECEIVED SEVERAL COMMUNIQES FROM VVAW NATIONAL OFFICE, WHICH HE SAID WERE "CLASSIFIED" AND WHICH HE DID NOT MAKE PUBLIC. HE DID DISCUSS SOME INFORMATION HE RECEIVED FROM NATIONAL OFFICE CONCERNING ACTIVITIES PLANNED FOR REPUBLICAN NATIONAL CONVENTION. VVAW PLANS TO CREATE MASSIVE TRAFFIC JAM BY HAVING CONVOYS FROM DIFFERENT PARTS OF THE COUNTRY ARRIVE IN MIAMI AT SAME TIME ON AUG. NINETEEN NEXT. FOR EXAMPLE, SAN FRANCISCO CONVOY WILL LEAVE AUG. FOURTEEN NEXT AND TRAVEL FIVE HUNDRED MILES A DAY. MICHIGAN CONVOY WILL LEAVE AUG. EIGHTEEN NEXT. IT WAS POINTED OUT THAT THERE ARE NUMEROUS FLAWS TO THIS PLAN, SUCH AS ALLOWING ONLY ONE DAY FOR MICH. CONVOY. GENERAL FEELING WAS THAT THIS PLAN WOULD NOT SUCCEED. ALL PARTICIPANTS IN CONVOYS WILL BE ASKED TO BE VERY COURTEOUS TO PEOPLE THEY COME INTO CONTACT WITH IN ORDER TO RECEIVE GOOD PRESS COVERAGE. WILLIAM MARSHALL PROPOSED THAT VVAW IN MICH. START OPERATIONAL FUND AND ALSO A LEGAL FUND TO AID VVAW MEMBERS RECENTLY ARRESTED IN FLORIDA.
